The Board of Education authorizes the transportation by private vehicle of pupils of this district between the school and a school activity approved by this Board in accordance with this policy.

Any such transportation must be approved in advance and in writing by the Superintendent. The writing must set forth the date, time, and reason for the transportation; the places from and to which pupils will be transported; the name and address of the driver; the names of the pupils to be transported; a brief description of the transportation vehicle; and the signature of the driver. The parent(s) or legal guardian(s) of a participating pupil will be given, on request, the name of the driver and the description of the vehicle.

No person shall be approved for the transportation of pupils in a private vehicle who is not an employee of this Board or the parent of a pupil enrolled in this district and the holder of a currently valid license to operate a motor vehicle in the State of New Jersey. Any person approved for the transportation of pupils in a private vehicle must have demonstrated, to the satisfaction of the Superintendent that he/she possesses a safe driving record and a background which would in no way indicate the possibility of danger to the pupils being transported. A driver so selected shall demonstrate to the Superintendent, through a driver record abstract secured through the New Jersey Division of Motor Vehicles, that he/she possesses a sufficiently safe driving record to secure the safe transportation of children.

The Board may withdraw the authorization of any private vehicle driver.

Any private vehicle used for the transportation of pupils must be owned by the approved driver or the spouse of the approved driver; have the capacity to hold not more than eight persons; and must conform to registration, inspection, and insurance requirements of the State of New Jersey for privately owned vehicles. Seat belts shall be worn by the driver and the passengers while the vehicle is in motion. No vehicle may be used to transport more persons than its normal load capacity.

The responsibility of teaching staff members for the discipline and control of pupils will extend to their transportation of pupils in a private vehicle. Drivers who are not teaching staff members are requested to report pupil misconduct to the Superintendent or designee.
