

The BBES Bucket Filling Challenge

The Bradley Beach School will be implementing a school wide initiative based on kindness. Students will have the opportunity to be recognized for their acts of kindness by earning small pom poms in their classroom buckets, which will be emptied into the school wide bucket each week. Our school wide goal is to fill this large bucket with poms poms as a symbol of our kindness. This idea of bucket filling is based on the book *How Full is Your Bucket* by Tom Rath and Mary Reckmeyer. We hope you can support our initiative by recognizing your child's kind acts at home and celebrating when they come home with a certificate of kindness from school. You can also fill your child's bucket by giving them compliments, praise and encouragement.
